Foreign Shipments

We have been very successful in our shipments to Europe and the Orient. On foreign orders amounting to \$25.00 or more we pack in wooden cases and deliver to the dock at Los Angeles Harbor without extra charge. We do not wish to export the 3c size of plants as we consider them too small to safely stand the journey. We can quote attractive prices on quantity orders from our next collecting trip in Lower California, Mexico. Arrangements may be made for exclusive representation in Europe or the Orient for our Mexican plants for the season of 1933.
